COMPANY OVERVIEW

ZeptoMetrix® is a division of Antylia Scientific, an operating company of premier life science and diagnostic brands, including Cole-Parmer, Environmental Express and ZeptoMetrix. ZeptoMetrix is committed to your success, that's why we have united the most trusted brands for innovative molecular controls, antigen controls and certified reference materials. With over 150 scientists dedicated to anticipating your evolving needs, we offer the broadest range of customized and in stock solutions to help you deliver results. That's the value of working with ZeptoMetrix.

Thank you for trusting us with your results.

OUR MISSION

Provide the most trusted inorganic, organic, and microbiological products for quality analytical reference materials, and proficiency testing.
